Start 2018 out right with RICCI Media Group! We are going to produce and live-stream sports and events for schools and organizations at all levels! We want you to test drive our services and partners. We want your team, boosters and businesses to have one of the best live-streaming experiences available.

What We Provide

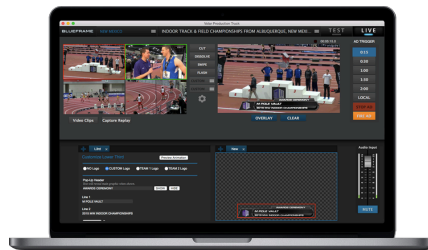

- Media widget and Team Portal setup so that you can highlight your broadcasts and make them easy to find for your viewers and fans
- Work with your boosters, sponsors and Athletic Director to schedule games and find the best methods for acquiring funding sources
- Provide announcers for football, hockey, volleyball, soccer, basketball, and baseball games and tournaments

RICCI Media Group, along with our partners BlueFrame Technology and TJ Broadcast Services, will move your athletic programs to the next level. RICCI Media Group will utilize BlueFrame Technology live-streaming services, the Production-Truck Software, along with Tom Witschen's cadre of professional announcers to provide a turn-key, seamless live-streaming experience for everyone!

We are offering the above services for your school for the Fall, Winter, Spring or Summer sports season. Availability is limited so contact us today!
